

## TEACHER WEB PAGES

This year all of the Pre-School teachers will be regularly updating their web pages with all of the information that you will want to know regarding what is taking place in your child's classroom.

To access your teacher's web page:

- Open MMR's web page by going to [www.mmredeemer.org](http://www.mmredeemer.org)
- Click on "School"
- Click on "Homework"
- Click on "Faculty-Homework"
- "Faculty-Homework" brings you to the faculty page. Just click on your teacher's name and you will be on their web page.
- Once you've done this the first time, while the page is open, add it to your Favorites and it will be a fast convenient way for you to always be informed about what's going on, what's needed, etc. in your child's class.
