2. Go to the side of barn to the information booth to sign-in and receive a food coupon (for a minimum 4 hour shift), as well as a reimbursement for parking. You will also receive a nametag, which must be worn at all times. The soda tents will give you bottled water all night (while you are working) when wearing a festival nametag.
3. Go to festival bank (in the Parish Office) for your start-up money, aprons and plastic deposit bags.

2. During the night Security will come to collect extra cash. Please give them all extra money in the plastic deposit bag. It is not necessary to count or record the deposit, the festival bank will take care of it.
3. If you need change any time throughout the night, ask a security guard. If security is unavailable and the booth is fully staffed, you can go to the festival bank and receive the required denominations. It is not necessary to bring any money with you, as the change will be deducted from the booth's proceeds.

## Additional General Rules:
